
END USER LICENSE AGREEMENT

1. SCOPE OF THIS AGREEMENT AND INFORMATION ON LICENSOR

This End User License Agreement (shortly “EULA”) pertains to the software “Live++” (shortly “Software”) and is entered into between

- (i) **Molecular Matters GmbH**, owned by Stefan Reinalter, born on 24 March 1982, registered with the Regional Court Wiener Neustadt under Company Register No. FN 504420w and having its registered place of business at Brunecker Gasse 15, 2340 Mödling, Austria, Telephone number +436604970920, Email office@molecular-matters.com, VAT number ATU74007503 (shortly “Licensor”), on the one hand, and
- (ii) **you** as Licensor’s customer (shortly “you” or “Customer” or “Licensee”) on the other hand.

1.1 This EULA is applicable to any and all purchases of one or more licenses in the Software. Licensor offers the following licenses/license models:

- (i) “**Individual License**” for **individual entrepreneurs** (= “*Einzelunternehmer*” as defined in section 8 para 1 of the Austrian Business Enterprise Code, “*Unternehmensgesetzbuch*”, shortly UGB, which furthermore are entrepreneurs/businesses and thus also “*Unternehmer*” in terms of section 1 para 1 fig 1 the Austrian Consumer Protection Act, “*Konsumentenschutzgesetz*”, briefly “**KSchG**”);
- (ii) “**Business License**” for companies, which also are entrepreneurs in terms of section 1 para 1 fig 1 KSchG; and
- (iii) “**Student/Teaching Staff Individual License**” for **students and teaching staff**, who are consumers in terms of section 1 para 1 fig 2 KSchG and who must submit proof of their position to Licensor prior to being able to purchase such a “Student/Teaching Staff Individual License” and to download the Software (e.g. an international student ID or a link to their faculty staff page). This proof must be sent from a valid academic email address;

1.2 Hence, and whilst the Software’s primary target audience is entrepreneurs/businesses pursuant to section 1 para 1 fig 1 KSchG, consumers in terms of section 1 para 1 fig 2 KSchG may also purchase and download the Software in the form of a “Student/Teaching Staff Individual License”. Consequently, and with regard to consumers purchasing such a “Student/Teaching Staff Individual License”, you will find **special terms in this EULA** which are **only applicable to consumers** in terms of the KSchG, but not to entrepreneurs/businesses/companies. These special

terms are highlighted in this EULA with “**APPLICABLE TO STUDENT/TEACHING STAFF INDIVIDUAL LICENSE ONLY:**”.

1.3 If you purchase an “**Individual License**” for individual entrepreneurs or a “**Business License**” you represent, warrant and guarantee that you actually are an entrepreneur/business in terms of the KSchG and that you do not purchase the license in order to create the necessary conditions for commencing your business operations (*Gründungsgeschäft*) as set out in section 1 para 3 KSchG.

1.4 This EULA is the sole contract between you and the Licensor. Your General Terms and Conditions and/or any other contractual terms used by you (jointly “**Your Terms**”) are hereby fully excluded to the extent they deviate from this EULA. This equally applies in case (i) you inform(ed) Licensor of Your Terms and/or (ii) provid(ed) Licensor with Your Terms and/or (iii) Licensor performs any services and/or any of Licensor’s obligations under this EULA in knowledge of Your Terms.

1.5 In any case, the EULA that is then current in the point in time when you purchase the license exclusively governs your contractual relationship to Licensor pertaining to the Software.

1.6 The contractual language is English. Licensor accepts the following payment methods: Visa, Mastercard, American Express, PayPal. You may purchase and download the Software from anywhere in the world. Apart from the fees you pay to your Internet provider for your Internet connection which is required for downloading the Software, no separate delivery/shipment costs apply.

2. LICENSED SOFTWARE

2.1 The Software licensed to you is “**Live++**” as described in the Software’s Documentation (available at <https://liveplusplus.tech/docs/documentation.html>). You will also receive the Documentation in your download together with the Software in a .zip file.

2.2 Except for your purchased license(s), Licensor is not obliged to provide and/or deliver any further services and/or products. In particular, Licensor is not obliged to provide any (further) documentation, installation and/or training that exceeds the Software and the Software’s Documentation and Licensor is not obliged to provide you with any data-security-measures, development services, or updates, except as possibly required under Licensor’s warranty obligations as the case may be.

3. LICENSE

3.1 All Licenses are “**Per Seat**” Licenses. Hence, you must purchase **one License for every end-device** on which you wish to run the Software. Furthermore, **all Licenses are limited in time:** Depending on your selected purchase(s), the **Licensing Period** for each “Per Seat” License

- (i) either is **thirty days** calculated upon the **purchase** of your license(s)
- (ii) or **three-hundred-sixty-five** days calculated upon the **purchase** of your license(s),

and the license(s) automatically expire when your licensing period(s) expire(s). If you wish to continue using the Software after the expiry of your licensing period(s), then you have to purchase a further license.

3.2 Upon purchase and full settlement of the applicable License Fee, you will be provided with a download possibility of the Software in the form of a .zip file and you will also receive your corresponding **Activation Code(s)** for activating your purchased License(s). After your download, you may extract the Software from the downloaded .zip file and no further installation is necessary. However, you will have to activate the Software by entering your Activation Code(s), which you can do in the Software itself.

3.3 Once you have activated your license(s), each license is bound to the hardware of the end-device on which you have activated the license. If you purchase more than one license, you will still receive only one single Activation Code – you may, however, naturally activate all your purchased licenses with this one Activation Code as the Activation Server hosted by Licensor in Austria checks whether the amount of your purchased licenses is already depleted or not.

3.4 Within the Software, you may also manage your licenses: E.g., if you have purchased ten licenses and have already activated all of them, you may subsequently deactivate one or more of your purchased licenses and reactivate them on another end-device. However, the individual Licensing Periods of such deactivated and reactivated licenses naturally remain the same (hence, you cannot extend a licensing period by deactivating and reactivating a license).

3.5 The Software's source code and any rights thereto fully remain with Licensor and no licenses or other rights are granted to you in the source code whatsoever. The Software's Documentation will be provided to you in electronic form only and it will be saved to your device (such as your personal computer) together with the Software in your downloaded .zip file. In order to access the Documentation on your end-device, you will have to extract it from your downloaded .zip file.

3.6 Licensor hereby grants you an irrevocable, non-exclusive, non-transferable, non-assignable, non-sublicensable, world-wide, time-limited (see item 3.1, above) license to use the Software on one single end-device (e.g. on one single personal computer) per purchased license. Please also see your Licensing management options in item 3.4, above.

If you wish to use the Software on more than one end-device, you are required to purchase a corresponding number of additional licenses (e.g., if you wish twenty users/devices to be able to use the Software, you must purchase twenty Licenses). Again, please also see your Licensing management options in item 3.4, above.

3.7 You may (i) create up to three backup copies of the downloaded .zip file and (ii) copy the Software onto one portable data carrier exclusively for transportation purposes (e.g., you have installed the Software onto one device and subsequently wish to change that device or move from that device to another one – please also see your respective Licensing management options in item 3.4, above).

4. WARRANTY

4.1 Licensor warrants that the Software complies with its technical specifications and functionalities laid down in the Software's Documentation (available at <https://liveplusplus.tech/docs/documentation.html>). Licensor further warrants that the Software was developed and created by Licensor alone and that the Software is free from third party copyrights. Licensor explicitly excludes all other warranties including any warranties that the Software is free from any other third party rights other than copyrights.

4.2 In case of a defect covered by this warranty, Licensor is obliged either to re-deliver the Software or to correct the defect within a reasonable period of time that in any case is not shorter than two weeks calculated upon Licensor's receipt of Customer's written notice of defect including a detailed description of the defect. In case (i) the re-delivery of the Software cannot correct the defect and (ii) two of Licensor's attempts to correct the defect fail or Licensor fails twice to timely attempt to correct the defect, Licensee is entitled to a reasonable price-reduction or, in case of a material defect, to rescind in writing from this EULA.

Without prejudice to Licensee's inspection obligations laid down in below item 4.3 of this EULA, the warranty period expires 12 months after Licensee's receipt of the Software. **APPLICABLE TO STUDENT/TEACHING STAFF INDIVIDUAL LICENSE ONLY: Licensee does not have any inspection obligations and the warranty period expires 24 months after Licensee's activation of the Software.**

4.3 Customer shall inspect the Software and its documentation for completeness and functional capability immediately after receipt and in any case within 5 working days after receipt. In case Customer detects any defects in course of this inspection, Customer is obliged to provide Licensor with a written notice of defect including a detailed description of the defect without undue delay and in any case within 5 working days after the inspection. Section 377 paras 1, 2, 3 and 5 (*Mängelrüge*) UGB apply. **APPLICABLE TO STUDENT/TEACHING STAFF INDIVIDUAL LICENSE ONLY: This item 4.3 does not apply to Student/Teaching Staff Individual Licenses.**

4.4 Licensor excludes all liabilities for any damages arising out of the Software and/or its use. This exclusion of liability does not apply in case any damage is caused by Licensor's gross negligence (*grobe Fahrlässigkeit*) or wilful intent (*Vorsatz*), and this exclusion of liability furthermore does not apply to any personal injuries caused by Licensor's slight negligence at least.

5. APPLICABLE TO STUDENT/TEACHING STAFF INDIVIDUAL LICENSE ONLY: Your Right to Withdraw from the Contract within Fourteen Days

5.1 For the purpose of this section, please firstly be advised that Licensor generally offers a free trial version of the Software – so if you are not sure whether you like the Software, you may try it out for free; the free trial period is thirty days and upon expiry, you cannot use the trial version any longer. The free trial version may be used by consumers and businesses/entrepreneurs alike.

5.2 As a consumer, you have the statutory right to withdraw from the contract without any reason within fourteen days after the contract was concluded. Should you wish to exercise your statutory withdrawal right, you must clearly declare your withdrawal from the contract vis-à-vis Licensor (e.g. via a letter sent by post or via an email) and for doing so, you may use Licensor’s contact information set-out in above item 1.(i). For timely withdrawing from the contract, it is sufficient that you dispatch your declaration within the above fourteen days term.

5.3 Should you withdraw from the contract, Licensor is obliged to and will refund to you all respective payments received by Licensor without undue delay and within fourteen days after having received your withdrawal-declaration at the very latest. For such refund and unless otherwise agreed upon between you and Licensor, Licensor will use the same payment method which you have used for the initial transaction. Licensor will under no circumstances charge you for such a refund whatsoever.
